MOTION: Council Member Mossar moved, seconded by Kishimoto that the workplan for Byxbee Park be presented to the Parks and Recreation Commission prior to returning to the Council.

Mayor Kishimoto stated the plan submitted to the state did not match the Master Plan approved by Council in 1991. She asked whether there were any irreversible landfill actions being taken which would foreclose Council options prior to returning in July 2008.

Director of Public Works Glenn Roberts stated in terms of the grading plans for Byxbee Park in the Master Plan, there will not be any irreversible actions taken.

Mayor Kishimoto asked whether the full set of options would be brought to Council in July 2008.

REPORTS OF OFFICIALS

15. Approval of Response to Association of Bay Area Governments (ABAG) Regarding 2007-2014 Regional Housing Needs Assessment Numbers

Planning & Transportation Commissioner Lee Lippert reviewed Attachment A, and Attachment D of CMR 451:07.

Bob Moss, 4010 Orme Street, stated ABAG efforts to build housing near transit centers would not solve the Palo Alto housing balance.

School Board Member Barb Mitchell, 550 N. California spoke regarding the thirty percent growth of the School District without additional housing and within the next five years there are expectations of another thousand students.

Vice Mayor Klein asked whether the School Board had intended to write a letter to ABAG and if so, where in the process they were.

Ms. Mitchell stated the Board wanted to involve the new incoming Board Members, and have been dealing with the Superintendant as well as the City/School Committee.

Vice Mayor Klein thanked them for their support in the process.

Herb Borock, P.O. Box 632 spoke regarding the need for new policies on the Housing Element program.

Council Member Mossar asked for clarification of the goals of the letter as wasn't clear how Palo Alto is different. She stated the Council had an obligation to be clear, direct and helpful in the Region in dealing with population growth.

Council Member Cordell asked whether the letter was pro forma, as in it was not likely the body to whom we were appealing would change their mind.

Director of Planning and Community Environment Steven Emslie stated it was rare for there to be a major change during the appeal period.

Council Member Cordell stated the letter should state the position of the City of Palo Alto as in what we can do, will do, and what we cannot do and will not do.

Mr. Emslie stated the School District letter and community interest groups writing supporting letters would assist in our position.

Council Member Cordell asked whether there were other Cities with comparable demographics that had received different numbers than the ones received from ABAG to the City of Palo Alto.

Mr. Emslie stated yes.

Council Member Cordell asked whether it was appropriate to add that to the letter, to ask ABAG why Palo Alto was being treated differently if the numbers were comparable.

City Attorney Gary Baum stated research on the appellate process showed the ability for a second step appeal and the last possibility would be to sue ABAG, which he did not suggest.

Council Member Cordell asked why, if it was a viable case.

Mr. Baum stated it was a hopeless process.

Council Member Morton stated speaking out gave satisfaction and it may not change their decision but at least Palo Alto would be on record stating their dissatisfaction.

Council Member Barton asked why the report stated the District was at capacity; however, there are three elementary sites and a large portion of a High School that could be opened. There are costs involved with losses of leases and costs associated with build out.

MOTION: Vice Mayor Klein moved, seconded by Beecham, to approve staff and the Planning Transportation Commission recommendation for a draft letter in concept, subject to stylistic changes, to be reviewed by two Council Members as part of the City's appeal of the Association of Bay Area Governments (ABAG) Regional Housing Needs Allocation for Palo Alto and direct staff to transmit the letter to ABAG.

Council Member Beecham stated the resolution has to come from Sacramento and the letter would come in handy. There was room in the City to expand but not in such a large capacity.

AMENDMENT: Council Member Drekmeier moved to remove the fifth paragraph on page one and the sentence beginning on page 3 and finishing on page 4 as follows: "The high cost to the City of providing this housing as well as supporting services and facilities, schools, transit and parks, is an unfunded state mandate."

AMENDMENT FAILED FOR LACK OF A SECOND

Council Member Kleinberg stated Council and the community needed to speak up and inform ABAG that their calculations were not equitable.

Mayor Kishimoto supported the letter.

Council Member Morton asked staff to express in the letter that Palo Alto provides jobs for the neighboring communities and should not be penalized with providing more housing. He also asked staff to respond to the suggestion of growth including the artificial inflation from Barron Park be annexed from the equation.

Mr. Emslie stated annexing Barron Park was a reasonable factor to qualify into the letter.

Council Member Morton asked staff to research whether the trade-off had been reviewed for the units built in the Stanford West BMR units.

Mr. Emslie stated yes, there were strict rules adhered to in the process.

Council Member Morton asked the possibility to quantify in the letter what the credited number of carry-over should be.

Commissioner Lippert stated getting the facts on record was an important first step in preparation for a Public Hearing later on in the process.

Council Member Drekmeier stated the letter needed to be fair to Palo Alto and the surrounding communities. However, wealthier communities surrounding Palo Alto who receive a tax base from property taxes can provide adequate schooling and other services; whereas lower income communities desire the jobs and tax base.

MOTION PASSED: 7-2 Mossar, Barton no.

City Manager Frank Benest requested the Mayor appoint someone to review the letter for adequate changes so it may be completed in a timely manner.

Mayor Kishimoto stated Council Member Morton and Vice Mayor Klein will be the Council Members to review the letter.
